

Fogging Machine

No.	Technical Specification	Fill Your Specifications
1	Portable Thermal fog applicator , pulse-jet engine , simple manual operated pump , Dimensions 135 x 30 x 30 Cm , Power ignition electronic ignition coil, Weight (empty) 8-9 Kg	
2	4 dry batteries 1,5 V, Chemical tank , stainless or heavy polyethylene, capacity 6-10 liter , Fuel consumption approx. 2 L/h with , High performance fogging tube (for water-based fogging mixtures), output dosage nozzle 0.7 - 1.1 (10-20L/h) , Droplet Size less than 20 Microns , with mounting frame and strap , Standard maintenance kit , Standard accessories (fuel funnel with strainer (mesh width 0.1 mm)	
3	chemical funnel with strainer (mesh width 0.1 mm) tool kit cleaning equipment set of spares (gaskets, O-rings, diaphragms)	
4	carrying strap ear protection (2 sets)	
5	instruction manual (English and Arabic language) including spare parts list) IPARC -WHO - certificate of Compliance	

Spare Parts fogging Machine

No.	Technical Specification	Fill Your Specifications
1	High performance fogging tube -Special fog tube for water (for water-based fogging mixtures), output dosage range 0.7 - 1.1 (10-20L/h) , Droplet Size less than 20 Microns	

Ultra Low Volume Pump

No.	Technical Specification	Fill Your Specifications
1	Vehicle –mounted ULV aerosol generators , For –cycle internal combustion engine , Engine 18 HP , Battery 12 V , Blower Roots (350 CFM) , Dimensions 90x80x100 Cm , Weight (Empty) 215- 230 KG, Fuel Tank Capacity 30-40 liters , air compressor , Metal mounting frame for engine , insecticides metering system , Droplet Size 90% less than 20 Microns , Flexible movement nozzle , Solvent-flushing system and remote controls , directional spiral volutes or with movable air vanes in a stationary volute , insecticide tank 60 liter , Calibration manual (English and Arabic) with CD video , IPARC - WHO certificate of Compliance , Standard accessories (tool kit , chemical funnel with strainer (mesh width 0.1 mm) , ear protection, 2 sets , PPE(Overall , boot) , instruction manual (English and Arabic) with spare parts list , heavy duty sealed dry battery, 12 V / 36 Ah , additional dosage nozzle)	

Spare Parts of Ultra Low Volume Pump

No.	Technical Specification	Fill Your Specifications
1	Standard Set of Sprat (Nozzles) , consumable items
